

Calgary 420 promotes hemp use and responsible, safe cannabis consumption for those that chose to do so.

Educate about the strong need for more science based research and supply of clean, quality medical grade cannabis.

Provide truthful, credible education, using peer reviewed science; regarding cannabis, other legal/illegal drugs, and prohibition.

Educate about horrific harms caused by decades of failed prohibition drug policies.

Organize and participate in peaceful, non destructive, educational public events.

Always leave event areas in better condition than when we arrived.

Participate in credible evidence based science education campaigns.

Promote respectful working relationships with police services, all levels of governments, media, businesses and the general public.

All in a effort to improve the quality of all our lives and the safety of our children and our communities!

Promote four pillars drug policy:

**Prevention, Treatment, Harm Reduction
and Enforcement.**

**Encourage and support the dissemination
of credible, peer reviewed scientific facts.**

**Freely distribute and discuss the well
documented credible facts about cannabis
and prohibition.**

**Encourage others to stand up and speak
up about evidence based scientific drug
policies. Encourage a understanding view
towards those that are not yet ready to
stand up and speak up.**

**Bringing young and old, pro-cannabis and
anti-prohibition people and organizations
together to peacefully, safely and legally
exercise their rights provided in the
Canadian Charter of Rights and
Freedoms and the Universal Declaration
of Human Rights!**

**Our supporters and volunteers consist of
social and political activists, medical
patients and their advocates, so called
recreational consumers, compassion clubs,
cannabis publications, hemp related
business as well as non hemp & cannabis
related organizations. Including
professionals in political, health care, law
enforcement and justice systems.**

**Health Canada Medical Marihuana
Access Regulations (MMAR)**

**Health Canada's own estimates are one
million Canadians could benefit by
consuming medical grade cannabis.**

ACCESS MEDICAL CANNABIS:

Health Canada MMAR consultants.

**Physicians participating in the Health
Canada MMAR program.**
